Thread: [Free Tweet Deck Access](#)

KriticalKarl - August 14, 2015, 6:10 pm

Hi guys my team & I are building a tweet deck for twitter , mainly used for promotion , making your account look viral, and just gaining followers. We are offering free access to join the deck. Act now because he may decide to sell this service in a month or so from not so join for free. Any questions PM me or just drop a comment below thanks.

Everyone interested also please add me on the app Telegram: kritickarl , the support group will be there that way i can assist everyone faster. Thanks!

ATTENTION: You must have at least 5k followers, if not you'll have to recruit two people to get access.

I do make exceptions for 1k accounts as long as the content isn't NSFW.

hey im pretty interested in this, i would like to get more involved and stuff, I believe this might be a good way to get my self involved with other people.

1 question I do have is how much access to our accounts does your team have? the reason I ask is because I kinda fear the security measures for this.

I don't mean to offend if i do, please understand my reasoning.
