darkblade312 - August 16, 2015, 2:55 am

So I have been trying out some strategies so I found a 30yo+ rich guy about a month ago, I sent him some nudes to make him happy and love the girl. Then made some sob story like father died long time ago working at a cafe for 8\$/h + studying after a week later I told him my mother had heart attack & a week later I told him she died and I'm looking after my little sister and etc. He is writing me everyday even I answer after days he says some weird stuff like everytime I message him he smiles lel.

So I know this guy is rich how can I make him send me AGC I dont wanna ruin 1 month work thats why I'm asking you guys first.

Research and learn which license's textbooks cost the most and tell him you are studying that. Then say you need to buy that off amazon since it gives you a student discount there and need gift cards.

Tell him that you need to buy some medicine from amazon because you feel like you're going to die. I think this fit perfectly in your story.
