Thread: [Internet Explorer's INSANELY cheap LEGIT CS:GO Boosting | CHEAPEST@HF | LEM PLAYER](#)

Internet Explorer. - August 16, 2015, 10:45 am

I ALSO DO PRIVATE RANK BOOSTING!

DO YOU WANT TO BE LEVEL 3 IN PRIVATE RANK SO YOU CAN PLAY COMPETITIVE, BUT DON'T WANNA GO THROUGH THE GRINDING?

THEN LET ME!

If you have the Operation Bloodhound pass, it's \$7 from level 1-3. This can be discussed if you have already played some matches.

If you don't have it, the price is \$13.

Btw, I won't steal your skins or anything.

Use Steam Guard if you don't trust me, which makes me unable to touch the Marketplace / trading.

Limit. - August 16, 2015, 10:51 am

Do you just boost silvers or can you do un-ranked accounts as well with mid-high elo? Obviously at a bit higher price.

Anyways seems like a solid boosting service, cheap af, GLWS OP!

Im still new to CS:GO started playing since maybe like 2-3 days, could you explain what exactly this is?

Hello!

Yeah, in CS:GO there's ranks indicating how good you are.

A lot of people are stuck in what is called "ELO Hell", or "stuck in Silver"; this means, that you keep getting shitty teammates or russians and it would take a new player weeks to higher ranks.

But with my help, it would only take a couple of hours!

Just ask right away if you've got any other question :)

Yeah, but I won't do anything with it.

If you have Steam Guard enabled as well, I can't (and won't).

Vouch for Internet Explorer!

Really cool guy, and very good at CS:GO! Played with him a few times.

You can't say no to these prices.

itsMeCherry - August 17, 2015, 2:07 pm

There is no way this is legit boosting for prices that low.

And if it is, i think you need to rethink about better ways to make money for your self because \$0.2 per 40-60 mins is laughable.

I am boosting someone right now, so yes, I'm legit.

He'll add his vouch tomorrow.

Why rethink?

I make a bit of money on the side, and I enjoy what I do :).

I also offer Private Level 3 boosting for a cheap price.

Also, games are now 1\$ for a Silver game and 2\$ for a Gold Nova game.

SoulZeh - August 24, 2015, 12:52 pm

Hope you will do well in this service mate, Seems like a kind thing to do and well... I wouldn't know the feeling of grinding the private level 3 rank, but I can bet it's annoying if you don't have the pass.
