Finally got around to setting up the website running again. Running on an off shore host.

Go Check out our stuff, I'm planning on updating weekly so not everything is working properly. Any Suggestions are appreciated and will be taken to thought. We do use a public uploading script that was paid for. Upload file limit is 11mb and files are deleted monthly.

SITE IS GREAT FOR UPDATING YOUR RATS, RUNS ON A 1GBPS FULL NODE /W DEDI HARDWARE
