Thread: [\[EVERYONE\] 25 FREE BOOTER SOURCES](#)

Lizard. - August 16, 2015, 11:03 pm

So I'm giving away 25 free web booter sources to everyone on HF.
None of these booters still exist & none of them are on HF.
They are pretty cool sources and there are some shells in there as well (lol).

To get the sources click here: <http://adf.ly/1MsSt6>
I will get back to you as soon as possible.
That's all folks ?

Thanks Op

Taking a look thru this now. They all seem to be web based perl/php booters.

Nice little amount of code to tinker with for sure.
