-- TUTORIALBOT'S VOUCH --

Before Read:

After doing countless hours of research, via google searching, bing searching, everything. It ALWAYS led me to the same answer:

"Just go up and say hello" Really, they think It is that simple to say "Hello" to someone, PSH NO! It really isn't.

About To Read:

Coming into this method, although 100% FREE, I was skeptical. Why you may ask? I was so discouraged from all the same "Yahoo Answers" responses I googled of just "go say hello," I felt like my heart was getting stabbed with a spoon, yes, that's in how much pain, and suffering I was in. Prior of that, like I said, I was very skeptical to begin his FREE method, so let's just jump in, shall we?

Reading [1 - Start]:

When I read the requirements I was very upset, the requirements are so obvious, he shouldn't need to add them, yet these requirements reminded me of the same-old same-old answer I always got, these requirements nearly made me cringe. This is until I realized, how simple he made these, yes these SAME EXACT requirements in every response I saw, he made them much simpler, he made them just flow right off the tongue. Jeez I was Impressed!

10/10 - Pure Amazing!

Reading [2 - Steps 1-4]:

Steps 1-4 just require you to not act too awkward, or else the person might catch on you are trying to be "friendly" you do not want to come off too strong, this method gives a perfect balance of harmony, allowing you to come off as a noticeable person, but someone the person would never expect to walk up to someone and start a conversation, this harmony brings you to a calm, nice heartbeat before the real exciting stuff at step 5.

I would also like to add, he went into a lot of detail on how not to be so "weird" as a lot of bad outcomes could happen, without spoiling too much one was being "pepper sprayed!" This is a very nice detail, because with my same old generic answer from yahoo answers, I would always get pepper sprayed, which sure was a hassle

9.5/10 - Golden Moves, Small Improvments

Reading [3 - 5-7]:

This is where we get talking, OP glides you through this part with ease, so you can talk to even the most unsociable people you could imagine. Just think about spreading soft butter on a nice piece of toast, you know how SMOOOOOOOOooth that is? That is exactly how smooth you will be.

10/10 - Never Seen Before, Pure Genius

Reading [3 - 8- Final]:

These are just the icing on the cake, my golly, this really wraps up the whole ingenious technique OP uses. He makes that, if you still had an uncomfortable feeling, uncomfortable feeling just go away, just like that with this final steps, he truly shows how well thought out this tutorial is.

10/10 - Perfect Wrap

OVERALL: 9.7/10

There is a small bit of room for improvement[/], but not much. I could definitely see this method selling for \$15 a piece.

ExTaCy1337 - October 11, 2015, 11:21 am

I would love to check that, send it to me please.
