Grammar: 9/10

Grammar is decent in this Ebook, I did notice some little but nothing that will affect you.

Originality: 10/10

I have never seen any method like this before, definitely some of the best Ebooks about there.

Layout: 9/10

Nice layout, easy to follow could use a bit of pictures to help out.

Overall: 9/10

Over all these 3 methods are very good and are at a decent price range for someone. These 3 Ebooks are well worth the money. I also appreciate Vtechz giving me a chance to review it.
