dopepizza - August 18, 2015, 2:46 am

So i see this section flooded with questions, and i have been eWhoring for a long time... Have an question you want answered? ask me anything you want to know about eWhoring down below.

I want to make a big archive of questions and answers for all beginners that just started eWhoring and advanced eWhores that want to know something about eWhoring.

Note, this is my opinion, if you don't like it don't listen to it.

RulesNo questions about PayPal for anything that is against their ToS.

I am the only one that answers questions, if i am gone to someone i will give someone else permission to help others in the question and answer.

No flaming in the thread

This might sound funny, but i used one of the most saturated packs in existence, and yes, it works, you don't need to have a super pack when you just start, but if you earned a load, get a unsaturated un-reverse image searching eWhore pack, because than you can start real profitable online relationships without the guy noticing.

so if you are new, get a free pack, and if you get better at it, get a unsaturated eWhore pack for profit boosts.

Hey Drenn.

Kiksexting.com

Kikfinder.co.uk

That are the best sites for traffic, overtime you will start seeing time wasters before you talk to them, most time wasters already begin with, wanna trade, or ask for some preview, and if you do give them a nude preview, they burst their nut on the picture, and don't show ass on the teaser, because they burst their nut on it, just from front with sexy clothes on, make them desperate for you!

eWhoring is all about skills and luck, you aren't gonna eWhore that much, how hard you try, you must be really lucky to get that much amount of cash, i am not pointing fingers but some people say you can earn \$5000 if you buy their product, but why would they sell their methods for \$20 if it is an GoldMine

Yes, but you need to be extremely lucky, it isn't gonna happen your whole life, and it is unrealistic that people sell their goldmines for \$20 to \$50 if they can earn 5k a month.

You could always have the luck that you earn it, but it isn't gonna happen every time, eWhoring is an unstable source of income.

Personally I say I sell nudes and videos to milk out indians but Im not sure if this is right or wrong

You can have two kind of approach methods, i will explain multiple.

method 1.

approach saying high and have a long conversation with the guy, and build something with the guy and chat every day with him, this will improve trust and he will start liking you, (You can do this with older guys as they have money and they are vurnable which you can exploit)

after that, say something like i crashed my car and blah blah blah, and tell them you need money, 7/10 of the time they will give you cash because they feel sorry for you and (love you), so if you are in the hospital or you are gonna get kicked out, they want to help you.

method 2.

approach them with, "Hey, wanna buy nudes and sext after?"

This is mostly if you want to earn quick cash, and even with this method you can earn up to a good sum of money, further, you can make new KIK / Skype accounts with other girls of my eWhore packs and milk them over and over again, this is very simple way to make money, save all your customers in a LOG so you can remember them for later if you need the cash.

method 3.

You can inspect element your PayPal so it looks like it didn't come trough, this works good and loads of people believe it!

Hey , thanks for the tips and links , i don't send nude previews but teasy ones like you mentioned , yet i have the feeling that they're sad enough to bust their nuts on that cuz usually there's a pause before they reply me xD.
