Thread: [Paper Proof Ewhore Template \[FREE\]](#)

Credit. - August 18, 2015, 6:34 am

So i came across this picture <https://i.imgur.com/33oHB1K.jpg>
the picture is without face so i thought it would be good for ewhores that want to fake proof pictures fast and easy..

so i deleted the text and made a template out of it.

You can download it here : [Download Template](#)

if you would like the font i added for even easier use, you can download it here : [Download Font](#)

its not the best insane proof Picture but it works fine for the most buyers..
Hope it works for you :)

Some appreciation would be nice.

EDIT : Without the tattoo [Download Template V2](#)

I see a slight problem with this though. Her body frame wouldn't match some of these girls, she seems like a thick girl.
