Thread: [\[Fiverr Gig for Free\] Money making guides for Free](#)

?La FLame? - August 18, 2015, 2:27 pm

Hi there guys!

Usually I'm active only in the programming section, but as I haven't had much time lately I decided to give something to the community here.

I'm making some money on the side by selling guides on Fiverr, mostly focused on making or saving money. For my fellow HF users these guides are from now on free for the taking ?.

The guides include a few very simple methods to make some extra money online as well as some miscellaneous guides, for example at the moment a Guide to get a working .edu mail is included.

On Fiverr purchasing all the gigs + extras would cost you \$40 so I'd appreciate if you don't go around sharing them like wild and cutting my profits ?.

So without further ado, if you are interested please drop me a pm and I'll send you a download link!

Here's some eye candy:
