Thread: [CS:GO Jackpot Site Full Setup | 125\\$ | Full Support and Setup |](#)

**extra\_sauce** - August 19, 2015, 7:03 pm

Hello everyone. I know there are public versions of the Jackpot code, but the majority of these releases are filled with bugs and backdoors. To the normal user, this is near impossible to setup and maintain. I am hear to offer my services in completely setting up the entire Jackpot frontend, backend, and bot system.

If you are interested or have any questions, shoot me a PM and ill be sure to answer ASAP.

Price: 125\$ (Includes Setup)

This package includes:

Jackpot Frontend

Jackpot Backend

Database

Node JS Bot

Dedicated Chat System

Full Installation as well as Full Support

Vouches

I have fully restored a public source that I will be setting up for people.

**Limit.** - August 20, 2015, 12:58 pm

Just asking, is this by any chance the CSGOFast script? Or is it a different one?

GLWS Nonetheless

GLWS Nonetheless

It has a design very similar to it. Yes

**Hashin** - August 20, 2015, 9:57 pm

Thinking about giving it a try. Might wait on some one else to go through with it first.

**-Taunt** - August 20, 2015, 10:04 pm

Posting here for future reference, gonna talk to a friend about it.

**therepower** - August 21, 2015, 11:27 am

You can just use any steam account with 5\$ worth of games on it. The bot automatically keeps 10% of all jackpots in its inventory.

**extra\_sauce** - September 24, 2015, 4:38 pm

Still taking orders for anyone that has interest in this.

**zeroxi** - September 24, 2015, 4:41 pm
