Thread: [YouTube Employee List + Phone Numbers](#)

Dgod123 - August 20, 2015, 9:30 am

I have a list of 50+ YouTube employee direct contact list. Some have phone numbers and others email.

I've been told some people would pay a lot for this as it's almost impossible to contact a human without knowing a connection. lmk

This is worthless. As the employee can just block you. And you can't really ask them for favours etc.

I would say it is worth some money, to the right people. How much, I can't tell.
