Thread: [\[Looking for - PAID\] - Web Developer - MyBB Experience - Forum Coding \(MyBB\) - \\$](#)

Pewz8 - August 22, 2015, 3:13 am

I'm basically looking for a web developer that has experience in MyBB forum platform, I need some additional changes to a MyBB forum as my knowledge is limited at some points, and of course this is paid work.

Price is negotiable and will be discussed privately.

If you are interested about this, wanting to know more about the tasks, feel free to send me a PM and we can speak through HackForums PM system or eventually skype!

PayPal only; no refunds will be made of course.
