Huh?

Don't know if you are a troll, a noob or simply retarded...but...I simply loaded a video on youtube
LoL

(Yes, I know, actually the link doesn't work...Video was removed without explanations after 3-4 days...sorry for this, know it makes this thread senseless but I can not remove a post until 1400 minutes are passed, agreeing with the forum rules).

What a welcome lol.

Personally, hope to find someone smarter than you on this community. Bye.
