Hello! A friend and I have started working on our own forums ([theoryforums](#)). We are in need of GFX for the site (a logo, usergroup's, etc.) A reward on our forums will be discussable, if you are interested in that.

Forum/logo theme: The theme of the forum is based around theories & conspiracies.

PM me for any more info or post on the thread ;)

Sorry this reply came so late. Thank you for doing this ;)

The size of the logo will be 224 x 59. Sorry for the limited pixels.

A reward is not a payment. The reward can be turned down and Omni stated money is not to be traded. This is in no way money.
