Thread: [New watch // Rented Villa // Balling](#)

Veezon - August 22, 2015, 10:02 am

Edit: Closing this thread, people claiming the watch is fake. I'll make a new thread soon with a picture of the box, etc... Just to prove it's real...

Been posting this stuff on another forum and how I got to the position I'm in and the money but yesterday I bought a new watch. Pics:

Spoiler [\(Click to View\)](#)

The watch is a Breitling 1884 chrono-matic; people who know their watches will know the price;)

I also rented a villa for 10 days which was pretty nice, borrowed my uncles bayliner 210 deck boat for the time I'm here so I have a good time on that, here's a picture of the villa's pool/view:

And here's a picture of me balling (trolling) with the new watch and ray-bans: Spoiler [\(Click to View\)](#)

Dude you got played so hard if you paid for that watch... or this is yet another bragging rights thread where the guy is 17 and lying through his little prick.

That Breitling is fake as hell. Please take it to a jeweler and upload the look they give you on YouTube when they see it.

Bollegies - *August 24, 2015, 1:19 pm*
