Thread: [What's a good anime to marathon?](#)

Chad ThunderCock - August 22, 2015, 6:29 pm

I like to watch some anime in bed till I feel like sleeping, had 50 episodes left of naruto to watch since I dropped it like last year or something and just finished getting to ep 425.

Was considering rewatching bleach but damn I already watched it like 2 or 3 times xD

So what genre are you looking for? o:
are you looking for a more lengthy anime?

No specific genre as long as it isn't SoL because it's too "slow" I'd fall asleep in bed before finishing the first or second episode lol.

Lengthy would be nice but not a necessity

also my MAL

Yu Yu Hakusho
One Piece
D.Gray-Man
Saint Seiya series
Hajime no Ippo
Kuroko no Basket
Katekyo Hitman Reborn
Beelzebub
Kenichi: The Mightiest Disciple
Mobile Suit Gundam series

Just some lengthy anime off the top of my head.

RainbowHentAi - August 22, 2015, 6:41 pm

I highly doubt you'll watch this, but InuYasha?

?l???ry - August 22, 2015, 6:44 pm

hmmm. well I don't watch any lengthy ones really. so I'll suggest some you may like xD
-Psycho-Pass: Suspenseful
-White Album 2: Romance/Drama (You don't have to watch WA1, it's a different series)
-AnoHana: Romance, if you want to cry.

SkullCandy - August 22, 2015, 6:55 pm

When I saw the name of this post I was just going to go on it and post Naruto, because that's (in my opinion) the best to marathon. As you already watch that I would say watch some bleach or I heard that one piece is pretty lengthy and pretty good to marathon, im going to be starting that soon!

Chad ThunderCock - August 22, 2015, 7:28 pm

Thanks for the suggestions but no romance please, looking mostly for action or ill fall asleep

you're killing me ;_;
then try Psycho-Pass. :D

Crya - August 22, 2015, 7:37 pm

I suggest Eureka Seven. Action mecha that I watched at night.

Chad ThunderCock - August 22, 2015, 9:17 pm

Settled with Shingeki no bahamut, currently ep 5 looks great, gonna go for Psycho Pass next then claymore.

4ngelic - August 22, 2015, 11:51 pm

I'd give oriemo a shot, but it's not everyone likes it. Prison school is also great, but only like 7 or so episodes are out right now as far as I know.

chaseboy006 - August 23, 2015, 1:33 am

shingeki no kyojin, Sword Art Online, Accel World, Guilty Crown, Danganronpa, gintama, parasyte -the maxim-

darknessblade - August 24, 2015, 1:05 pm

you could watch
Bobobo bo-bo bobo (did i use enough BO's????)
the japanese version is better than the dubbed

Wirt - August 25, 2015, 10:37 am

I marathoned both seasons of Code Geass in two days. ~24 eps a day.

Psycho-Pass is great, but the second season not so much.

Squint - August 25, 2015, 11:12 am

I would suggest hunter x hunter because it's such a good anime. I would say it might even be better than One piece

Houtarou - August 25, 2015, 2:39 pm

Fullmetal Alchemist: Brotherhood is a good one. Has five seasons and just over 60 episodes so its on the longer side I guess.

FMA: Brotherhood was just one long big season I thought?

NoBarsHandler - August 25, 2015, 3:50 pm

If youre a fan of Tokyo ghoul i would highly recommend parasyte the maxim. I would also

recommend samurai champplloo..

Not sure exactly tbh. Netflix has it under four "parts" so I just considered those seasons.

Galaxias - August 25, 2015, 9:34 pm

Fairy Tail, One Piece, Sakurasou, Elfin Lied, ETC.

Chips Ahoy McCoy - August 25, 2015, 10:23 pm

Binge Kaiji. Trust me. It's a solid 10/10 thriller series. Just take a gander at the reviews on MAL. Also, watch this.

I binged both seasons right after another. I couldn't stop.

Onodera Kosaki - August 26, 2015, 10:09 am

I would also recommend [Parasyte](#). It's really intense and based on your anime list, I'm sure you'll like it.

Dirtbags - August 26, 2015, 4:06 pm

You could try One Piece or Akame Ga Kill, both great series.

I was going to suggest this too, I haven't finished it yet, but I really like it.

Fruit Cake - September 12, 2015, 8:14 am

One Piece, took me ages to catch up to the latest. But it felt so good to watch, and still does.
