Thread: [How to use Azure?](#)

Monetizing INC - August 23, 2015, 12:20 pm

Ignore this, stupid question..

Proxseas - August 23, 2015, 12:22 pm

You could use raw scripts but you'll get banned within seconds of running it.

What do you mean by raw script ?

All I can do is using perl udp flooding script,

none of the script here works for me..
