Thread: [My journey in pirates. {group feedback thread}](#)

SIM-1472133 - August 24, 2015, 7:23 am

Hi guys,

Basically long story short, I recently got kicked from Pirates due to a troll gone wrong. The troll was that I pretended that Average had hacked my Skype and all of my servers/websites. Basically it went too far to the point where it had me, Average and Hinch perm kicked from the group.

I would like to send out my deepest apologies to these two boys that were kicked from Pirates due to the troll:

[Average](#)

[Hinch](#)

My experience while in Pirates

Now that that is out of the way let me tell you about Pirates. For all of the non-Pirates out there that talk shit about the group, you are all very very wrong. Although pirates has a shit ton of members in it, that doesn't mean they let every scrub in. All of the fellow Pirates are beautiful people and are super chill. My experience was probably better than sex. I had such an amazing time while being part of pirates. I also met some amazing people which will be in the shout outs below. Pirates was pretty much my home on HF and the moments I had in there will never be forgotten. You could actually talk about anything in the group, and everyone just goes with it, no one is the odd one out.

? As the name of the group Pirates everyone is pretty much free.?

Shout out to my boys!

Everyone that I met in Pirates that I really bonded with will be listed below:

[Average](#): Average we didn't start to bond until we did that troll.

[Anime](#): We became pretty good friends, even though we always flame eachother, love you!

[mad76e™](#): I love this guy to bits! He has always been there when I need him.

[Private Network](#): I love this dude more than I love white chocolate. This guy is a super chill guy and I will always have his back.

[NoHax](#): NoHax My nigguh, Legit sweet guy! I will never forget the time I skype called you and took vodka shots xD

[TheMostDopePizza](#): Although he was kicked a while back I still think he deserves a shout out because I love him.

[z?g???v](#): We have had our fair share of ups and downs but I still love you after everything. i hope we keep contact.

[A???????cFX](#): You said my voice was sexy! haha you are pretty chill and I had a blast getting to know you bro!

[Jordan Belfort](#): I absolutely fucking love you man! Funny fucker you are and i wanna fuck your siggy.

If I missed anyone please let me know.

Final Words:

I would like to send my deepest apology to Belsim as he put up with my shit for this long. I also saw

that you were annoyed that I was always saying I love you and shit but I only say the truth. If it bothered you that much you could have said something. But at the end of the day you admitted in multiple times that you don't give a fuck about me. Yeah it sorta hurt my feelings a lot. But seriously I never wanted it to end this way.

I wish Belsim the best of luck wherever his group ends up going and to all the members I wish you all the best!

I strongly recommend that everyone puts their heart and soul into their applications next time Pirates hosts a recruitment thread as it is the best place to be.

I will now remain homeless until someone takes me in :/

<3

NoHax - August 24, 2015, 7:35 am

Really sad to see this happened, i'm really happy for the shout out.
Of course we will not lose contact, it's not the end of your life.

I still wanna wish you the best of luck finding a new group, we have had good moments in the pirates chat.

Thank you for everything.

Troll went way out of hand.

You should've thought about how it'd go before you did it >.<

I never thought in a million years that it would end like this. I thought everyone would just laugh it off as no one was really affected.

Scymo - August 24, 2015, 7:43 am

I just checked the chat and saw you and Hinch kicked, it is a sad day.

I think groups in general kind of lost their popularity; sorry to hear you got kicked, that's never a good feeling.

To be honest the whole group is kinda like that. Sometimes the members just do stupid shit but Chrome got the bad end of a joke.

The skype chat is filled with kids asking for rep, linking their rep page and shit. The group was alright at first but turned to shit IMO.
