Try using George UI as the font, it may look good.

AURUM - August 24, 2015, 9:28 pm

It looks pretty good. I am sure that you already know that there is a lot more that you can do to improve, but otherwise it is looking pretty good there, buddy.

I Mean, it looks nice and all, but "Your website contains vulnerabilities" Is like saying "That swimming pool is wet" Its kinda like Captain Obvious
