Thread: [Anybody have these type of students at your campus?](#)

OMJenke - August 25, 2015, 4:56 pm

I'm just curious that's all.. First day of class this student parked his mercedes right by the entrance. I feel like he purposely did that to show off to all his classmates that he was driving it. He rolled down all his windows and did like a 50 in a 10... Imfao. Then 5 mins later i see his windows rolled up.

His car is nice af but what a douche bag lol.

I bet that he paid the down payment with his student loans.

Even though he looks older I bet his parents help him out with it. I think it was a CLA, but wasn't the AMG version.

Don't hate the player hate the game OP.

With 2 grand you can get something that would blow his mothers car out of the water and a DD at the same time.

Zivex - August 25, 2015, 5:36 pm

Key his car, that'll make him cry like a bitch. He won't be showing off anymore after you do that.

This is like...everyone with a Mercedes.

To be honest though if you buy something nice you want people to know that; that shit belongs to you and they are inferior.

Eh.... maybe back in high school... but not so much college. My friend drives a beat up volvo and gets tons of bitches. Probably a lot more than that douchey ass student who drives that mercedes.

What does campus mean? We don't have that in the UK.

Campus is kind of like a site/area. The word is commonly used here in the UK.

The area I'm from the word 'campus' is never used. Veezon could agree with that.

Yup, Zivex and I are good friends IRL and we never hear such words.

I go a rather large University and I would say at least %5 of them are the same way. But surprisingly most of them are girls.
