Go here;

account.xbox.com/Shell/ChangeLocale

click Japan

then go here;

store.xbox.com/

ja-JP/Xbox-One/Games/Call-of-Duty-Black-Ops-III-Multiplayer-Beta/3aff42d2-453c-437a-a489-c49a7b068e84

You have to remove the spaces!  
then,

Cancel download.

Restart Xbox One

Go to My Games & Apps

Far Right and click LT+RT+X at the same time. (This will show all available downloads)

Choose Blops 3 beta and it will now download in your language.

I heard that a lot of Xbox codes doesn't work.

The codes don't work because the service to redeem them has been overloaded I think. Will hopefully play tomorrow after finishing downloading it at 100kb/s...

You can fix this by simply heading to Xbox redeem a code page. Changing language to Brasil, and then enter the code.

You don't have to redeem a code in order to do this!
