Thread: [Omnicoins Plugin || Tutorial & Helpdesk || Add an OMC address to your account today!](#)

SIM-2015410 - August 27, 2015, 2:29 pm

[img]http://s27.postimg.org/5o7jqu103/omc.png[/img]

Omnicoins MyBB Plugin

If you are new to Omnicoin, please [Visit the Omnicoin Project Wiki](#) for download links and a guide on getting started. You can also visit the Omnicoin subforum on HF.

All upgraded members who add an address to their account will get a 100 OMC bonus from Omni.

This plugin, developed by [Abraham Lincoln](#) and myself ([MeshCollider](#)), and was modified by [Omniscient](#) before being installed on Hack Forums. This is a tutorial on how to use it. Feel free to post below if you have trouble.

Getting started

Head to coins.php to get started, from there you will be able to: Search for omnicoin addresses on other users profiles

Add a new address to your profile

View your / another users address history

See the top 10 richest members on HF

See the 10 most recent members to add an address to their profiles

[Click Here](#)

Adding an address

Click the 'Add Address' button in the top right hand corner of the page

You will see something similar to this:

Spoiler [\(Click to View\)](#)

Type in your Omnicoin address in the 'Address' field (e.g. mine is oMesh62joeab2yMoJUH28mGE8h2suDzcYc). You then need to prove you own the address by using it to 'sign' the message provided. This message is unique to you because it uses your username and UID. Instructions for signing the address are below:

If you are using the Omnicoin-qt wallet:

Open Omnicoin-qt

Head to the 'Receive Coins' tab

Spoiler [\(Click to View\)](#)

Select the address you want to use and click the sign message button

If your wallet is encrypted, you will need to type in your password

Copy your unique message from hack forums into the message box and sign it

Spoiler [\(Click to View\)](#)

Copy the new signature into the 'signature' box on hackforums

Spoiler [\(Click to View\)](#)

Done :)

If you are using Omnicha.in/wallet online wallet:

Log in to your wallet

Head to the 'Receive' tab

Next to your address, click the 'sign message' button

Spoiler [\(Click to View\)](#)

Copy and paste your unique message into the box and sign it

Spoiler [\(Click to View\)](#)

Copy the 'generated signature' you are given into the 'signature' box on hack forums

Done :)

Viewing other users' addresses and history

This can be used for safer trading in the marketplace, because transactions with that address are directly linked to users HF profiles forever.

Once an address has been added to your profile, it will be visible like this:

Spoiler [\(Click to View\)](#)

Clicking on the address will take you to Omnicha.in block explorer to see information about the address including transactions.

Clicking on [History] will show you the user's address history and the dates the addresses were added.

You can see the balance of the address on the profile. This balance is updated once per hour if someone visits the users profile.

UserCP and Coins.php will show your own address information.

UserCP [\(Click to View\)](#)

Coins.php [\(Click to View\)](#)

Searching addresses

<https://hackforums.net/coins.php> gives you the ability to search omnicoins addresses to see if it belongs to a user. The search box looks like this:

Spoiler [\(Click to View\)](#)

Results look like this:

Spoiler [\(Click to View\)](#)

Viewing the Top 10

Coins.php also gives you a list of the top 10 richest Omnicoin users on the forum. The list looks like this:

Spoiler ([Click to View](#))

Down the bottom of the page you can also see some statistics such as the total sum of all the balances in the addresses added, and how many addresses have been verified by all members.

Help?

Post in this thread if you are having trouble using the plugin and we will try and help you ASAP.

This plugin was developed by [Abraham Lincoln](#) and myself ([MeshCollider](#)).

You can view the plugin development thread [here](#)

Nutar - August 27, 2015, 3:05 pm

I tried adding my address, which was on Omnichain, and it kept saying that it's an invalid signature. I'll guess I'll have to try it with Omnicoin-QT.

Thanks so much for releasing this plugin!

EDIT:

It works fine with Omnicoin-QT but it doesn't exactly work with Omnicha.in. Weird.

Fish - August 27, 2015, 3:08 pm

im trying this right now il let you know if anything goes wrong :P

i have the same problem as Calypo

SIM-2015410 - August 27, 2015, 3:19 pm

(Aug 27, 2015 02:54 PM)xadamxk Wrote: [\[CITE\]](#) Wow, great thread noob.

Omni needs to add the page somewhere that is easier to access.

Like the Extras page xD

?

yeah, but like he said, its pretty much a test run at this point.

(Aug 27, 2015 03:05 PM)Calypo Wrote: [\[CITE\]](#) EDIT:

Are you using an online omnichain wallet? Please see the post above your's, something is wrong with the omnichain address signing.

Charlemagne - August 27, 2015, 3:23 pm

Quite fantastic tutorial. Good job!

J?son - August 27, 2015, 3:24 pm

(Aug 27, 2015 03:22 PM)?eshCollider Wrote: [\[CITE\]](#) Are you using an online omnichain wallet? Please see the post above your's, something is wrong with the omnichain address signing. Oh yea, I am using an online omnichain walled.

I didn't see the other posts. ?

SIM-2015410 - August 27, 2015, 3:26 pm

(Aug 27, 2015 03:24 PM)ROOT Wrote: [\[CITE\]](#) Oh yea, I am using an online omnichain walled.

Check back later to see if the issue has been fixed. Only Abe can fix it though, so it will only be done when he has time.

Abraham Lincoln - August 27, 2015, 5:20 pm

The issue with Omnicha.in has been fixed.

Asentrix - August 27, 2015, 5:25 pm

I really hope omnicoin stays afloat , wish more people used it.

Sadly most go to BTC , ltc or doge , I personally loved the OMC market , going to keep supporting it nonetheless

The other benefit is that then you won't have to put your address in your signature, it can be easily found on your profile :)

'Cynical - August 28, 2015, 8:34 pm

Tried this with OmniLite-1.0-exe-full.jar and it didn't work. Said invalid signature. :L

SIM-2015410 - August 28, 2015, 9:25 pm

(Aug 28, 2015 08:34 PM)?Roku Wrote: [\[CITE\]](#) Tried this with OmniLite-1.0-exe-full.jar and it didn't work. Said invalid signature. :L

That will probably be because of the special characters in your username. Unfortunately the signature verification doesn't work with special characters. I had the same issue, I had to temporarily change my username on HF to something without the special characters and then change it back afterwards.

Omniscient - August 29, 2015, 11:04 am

One of a couple dozen things I need to fix about this plugin.

SIM-2015410 - August 29, 2015, 1:27 pm

(Aug 29, 2015 11:04 AM)Omniscient Wrote: [\[CITE\]](#) One of a couple dozen things I need to fix about this plugin.

It's because it is using the HTTP API on omnichain to verify. Omnichain doesn't like it.

Aurora - August 29, 2015, 4:47 pm

Good job Mesh. ?

I'll start using it once it's stable.

SIM-2015410 - August 30, 2015, 12:06 am

(Aug 29, 2015 04:47 PM).Sinister Wrote: [\[CITE\]](#) Good job Mesh. ?

I'll start using it once it's stable.

I would say it is pretty stable right now. There are no security risks at all, and the only bug I have encountered so far is that special characters don't work which shouldn't affect you :)

Roger Waters - September 10, 2015, 9:14 am

Is there any way we could do this with the Mobile App?

SIM-2015410 - September 10, 2015, 2:59 pm

(Sep 10, 2015 09:14 AM)Roger Waters Wrote: [\[CITE\]](#) Is there any way we could do this with the Mobile App?

No unfortunately the mobile app doesn't have the ability to sign messages

?iven - September 10, 2015, 3:03 pm

You think accepting omnicoin for my up coming minecraft server would help boost it?

SIM-2015410 - September 10, 2015, 3:09 pm

(Sep 10, 2015 03:03 PM)?iven Wrote: [\[CITE\]](#) You think accepting omnicoin for my up coming minecraft server would help boost it?

Any use of omnicoin will help the currency grow :)

?iven - September 10, 2015, 3:34 pm

(Sep 10, 2015 03:09 PM)?eshCollider Wrote: [\[CITE\]](#) Any use of omnicoin will help the currency grow :)

Alright. I'll make that part a hf exclusive haha.

SIM-2015410 - September 20, 2015, 12:45 pm

(Sep 19, 2015 08:10 PM)Omniscient Wrote: [\[CITE\]](#) <https://hackforums.net/coins.php>

All I33t and Ub3r will get 100 OMC for the first address they sign. This will give more members incentive to use Omnicoin.

Another great reason to get started :)

Realizm - September 20, 2015, 1:47 pm

(Sep 20, 2015 01:00 PM)xadamxk Wrote: [\[CITE\]](#) So I was able to link my address, but there is a problem with my OmniCoin Wallet.

It has been 30 weeks behind since I was last able to update it.

For whatever reason it doesn't sync anymore.

Halp.

If you're using the outdated wallet then it won't sync I believe. I'm not big on this but try looking up your problem through the search feature and you'll find your answer I'm pretty sure. Or maybe the official thread stickied in the OMC section has the thread linked explaining the new updating of wallets?

Mons - September 20, 2015, 3:03 pm

Great job you did there, Meshcollider.

Thanks, mate.

SIM-2015410 - September 20, 2015, 8:56 pm

For whatever reason it doesn't sync anymore.

Halp.

Yup as Realizm said, we updated at block 150,000 to Dark Gravity Wave so the old client will not sync after that. Check the Omnicoin wiki for new download links.

Fudster - September 20, 2015, 8:59 pm

Ohh...special characters....I see

SIM-2015410 - September 20, 2015, 9:35 pm

(Sep 20, 2015 08:59 PM)Fudster™ Wrote: [\[CITE\]](#) Ohh...special characters....I see

Special characters are no longer a problem, as Omni removed the Username from the signing message. I have updated the tutorial.

SIM-2015410 - September 24, 2015, 1:24 am

Looks like no one is having any issues with getting it set up, a lot of OMC has been claimed already so a lot of members must have added an address :)

EDIT: 126 upgraded members have added an address :)

SIM-2015410 - September 24, 2015, 1:28 pm

(Sep 24, 2015 12:25 PM)xadamxk Wrote: [\[CITE\]](#) How do you know that?

Damn hackers...

Take a look at the amount of omnicoin sent from the faucet, and divide by 100 xD

Sp0k3n - September 26, 2015, 6:21 am

Done. thanks to this thread ;)

Thornzzz - September 26, 2015, 8:57 pm

Just added mine and my 500,000 OMC to my account, making me the 2nd biggest holder on HF behind Cameron. Just waiting for it to update.

SIM-2015410 - September 26, 2015, 9:08 pm
