Thread: [\[ALL Members\] How to get FREE Android Applications. NO SE. NO Root.](#)

Drizzy?? - August 29, 2015, 9:02 am

This is not the "Google for the APK of the app you want". Those may contain viruses or something else that may harm your device. This is straight from the Play Store so you know it's legitimate.

To get this eBook, post here and PM me with the subject "Android Apps".

Doesn't it say "No requirement to post to get PM (post to PM)."

I'm not requiring them to post and I PM them, they PM me.
