Thread: [OMC Award Special](#)

Omniscient - August 29, 2015, 10:22 am

In honor of OMC remaining on Bittrex exchange I have added the OMC Award for purchase once again and with special pricing for a limited time.

The OMC Award is now reduced from \$25 to just \$10 in OMC. That's the lowest price I've ever had for any award.

OMC integration has begun on accounts. Currently a functioning plugin is running as a beta test which will add your OMC address to your profile and confirm it as yours.

<https://hackforums.net/coins.php>

More functions are coming including a very huge OMC plugin which will be integrated and become a huge part the of HF Marketplace. I will be creating a different thread on it because it will be a much widely discussed topic.

So for those who want the OMC award now is the time.

<https://hackforums.net/buyawards.php>

I encourage user to buy OMC from Bittrex.

<https://bittrex.com/Market/Index?MarketName=BTC-OMC>

Thank you.

Hire - August 29, 2015, 10:23 am

I don't think you can do this, however you can get a reward removed "maybe" and then you can rebuy it.

eightz - August 29, 2015, 2:09 pm

Is Omnichain down for anyone else?

It took me like 4 hours in total to actually start exchanging all this because of confirmations and what-not and now Omnichain just so happens to go down.

I just want the fucking award for christ's sake lol.

?

EagleScream - August 29, 2015, 2:10 pm

eiqhtz - August 29, 2015, 3:00 pm

These rates and these four hours I've been waiting for the confirmations make me 30 cents away from the fuckin award. Somebody mind donating? lol.

Nevermind, learned that OMC-Rates is way off and OMC ticker is more accurate.

Aurora - August 29, 2015, 3:01 pm

I did not expect this. Well, I must say glad to see the award back.

• Kyle • - August 29, 2015, 4:10 pm

BI?ckhat - August 29, 2015, 4:16 pm

Omnicha.in

But consider using Bittrex.com too since then you have an exchange ready wallet.

-Taunt - August 29, 2015, 4:21 pm

Just got the OMC Award, I'm making a suggestion thread for something involving OMC, where would i post this thread?

Billie Joe Armstrong - August 29, 2015, 4:22 pm

Will 3PIC's payment method change? Just wanna know if it will or not.

Just wanna know if it will or not.

I don't think it will. I have to find more ways to get OMC into more users hands. Me accepting it for all these payments doesn't help create an ecosystem that's viable.

I'm starting to get that hype for OMC again.

Really glad to see we remained on Bittrex, hopefully we can gain momentum again.

What's wrong with Bittrex? They seem to work the same as any other exchange basically. Send BTC to your Bittrex account. Go to the OMC market. Setup a buy. Now you have OMC. Go to Wallets and send.

What's so hard?

Glad to see that OMC is coming back, hopefully stronger than before!

Avunit? - August 30, 2015, 11:01 am

As much as I genuinely dislike the idea of an 'exclusive' forum altcoin I can't help but admire the amount of time and effort you have and continue to put in to omnicoin.

zSerity - August 30, 2015, 11:27 am

I thought it was doomed, good job.
