Thread: [Signature Sales](#)

**Omniscient** - August 29, 2015, 10:54 am

### Signature Sales

1. Selling member sets price per week in OMC.
2. Buying member creates an invoice with their signature ad input and length of time for the ad purchase.
3. Sellers confirms invoice and buyer is sent a PM with purchase link.
4. Buyer pays and the ad is implemented.
5. OMC is sent directly to the buyer.
6. Once purchase time expires the signature is removed automatically.

This will create a direct member to member OMC market for signatures.

BOOM!!!

Will be working with the OMC Dev Team to get a plugin integrated into HF that will facilitate this. It will be the game changer for those who supported OMC. Members will have a valid use for transactions between each other. A very direct incentive to get involved with OMC.

**Webmasters** - August 29, 2015, 10:58 am

Sounds awesome, I'll happily do this. OMC lives on!

**grady** - August 29, 2015, 10:58 am

There we go, that's a great use for OMC.

Now you just need smaller things that facilitate value for it. (other than this)

**SIM-1166170** - August 29, 2015, 10:59 am

This sounds awesome, simple and easy way to make omc on site.

**Angel Beats??** - August 29, 2015, 10:59 am

Sounds great omni. Had plans to make an external site like this but never got around to it. Keep pushin OMC you can do it!!

**Krew** - August 29, 2015, 10:59 am

And what if sellers change the signature? It would be better imho to have an escrow system where the seller is paid after the transaction or per day. For example if a buyer pays for 6 months and the seller only wears for 2 months, then this will create issues.

**Omniscient** - August 29, 2015, 11:01 am

Quote:And what if sellers change the signature

They won't be able to do that.

It will be implemented in a fool-proof way the same as all my plugins are done.

**SIM-1166170** - August 29, 2015, 11:03 am

(Aug 29, 2015 11:01 AM)Omniscient Wrote: [\[CITE\]](#) They won't be able to do that.

I would hope this fool proof system also included a way for staff to appropriately warn/ban the user who selected the inappropriate image and not the person wearing it ?

**ArtMachine** - August 29, 2015, 11:04 am

Wow! Sounds like an awesome idea.

Would users be able to sell signatures for BTC or other payment methods manually or Is this going to be forced?

**Trenchguns** - August 29, 2015, 11:04 am

Wat...

Well, guess I'm out of a business... :C

**Charlemagne** - August 29, 2015, 11:05 am

This sounds like a great idea. Can't wait!

**Narvikz** - August 29, 2015, 11:06 am

Awesome to see you found a good way to support OMC without getting yourself involved into it.

OMC carries on.

**Omniscient** - August 29, 2015, 11:07 am

Quote:I would hope this fool proof system also included a way for staff to appropriately warn/ban the user who selected the inappropriate image and not the person wearing it

Seller gets a PM with the code for review and has to approve it first. So if you approve a signature for sale that violates policy then it's on you. The system won't allow for malicious use unless you allow it implicitly. I know how to build safeguards into my plugins. I write them all the time without exploits.

Quote:Would users be able to sell signatures for BTC or other payment methods manually or Is this going to be forced?

OMC only.

**Vitani's Mate** - August 29, 2015, 11:12 am

Well I guess I can't sell my sig space for BTC now. =/

Oh well I still have my OMC wallet.

I will probably make a killing. :D

**?????™** - August 29, 2015, 11:14 am

I feel like there might be some "under to table" payments of other types in PM's. But we'll see how it goes.

Hopefully this adds more value to OMC.

**Hash G.** - August 29, 2015, 11:19 am

It looks really awesome, I'll use it as soon as it gets implemented. Everything managed by the site -> heaven for sellers.

**Wireless Network** - August 29, 2015, 11:30 am

Awesome. Can't wait to get this new feature.

**Omniscient** - August 29, 2015, 11:31 am

You won't be restricted from selling your signature in your own manner. However the plugin will automate most features for you and make it a lot easier.

**NegativeRep** - August 29, 2015, 11:40 am

(Aug 29, 2015 11:31 AM)Omniscient Wrote: [\[CITE\]](#) You won't be restricted from selling your signature in your own manner. However the plugin will automate most features for you and make it a lot easier.

This I like to see. Ty for not restricting us.

**Vitani's Mate** - August 29, 2015, 11:42 am

Hopefully this will pick things up for OMC. ;p

**eightz** - August 29, 2015, 11:44 am

Oh dude, fuck yeah. You're on a roll Omni.

**St. Jiberish** - August 29, 2015, 11:44 am

Selling signature sales for myself via paypal. Good idea that will help implicate OMC into a more useable sexy currency.

**eightz** - August 29, 2015, 11:45 am

(Aug 29, 2015 11:04 AM)Trenchguns Wrote: [\[CITE\]](#) Wat...

Well, guess I'm out of a business... :C

You came up with it, don't feel bad. ?

**Trenchguns** - August 29, 2015, 11:48 am

(Aug 29, 2015 11:45 AM)EightBall Wrote: [\[CITE\]](#) You came up with it, don't feel bad. ?Meh, still feel pretty bad. Especially since I was going to come up with a website that would act very similar to this. Signature autobuys and stuff...

**Esme** - August 29, 2015, 11:50 am

As someone who frequently sells their space this looks great. Hopefully I'll be able to fetch \$10 OMC for my sig once my current deal expires so I can pick up the award.

**Roger Waters** - August 29, 2015, 12:04 pm

Yay! Moar new features!!!

Might sell my signature for OMC next month if it's implemented by then.

**Kill?Muvz** - August 29, 2015, 12:20 pm

This is wonderful. Will definitely keep OMC alive.

**UnNullRouted** - August 29, 2015, 12:23 pm

Will you still be implementing this but with btc/ltc etc?

**Realizm** - August 29, 2015, 12:25 pm

Going to invest in buying \$500 worth of OMC later today then ?

**Silent Storm™** - August 29, 2015, 12:35 pm

I really like this idea, but what if members that want to buy signatures don't have OMC?

EDIT: Can someone list places to buy OMC?

**eightz** - August 29, 2015, 12:48 pm

(Aug 29, 2015 12:23 PM)UnNullRouted Wrote: [\[CITE\]](#) Will you still be implementing this but with btc/ltc etc?

Only OMC. Which is a better idea.

(Aug 29, 2015 12:35 PM)Silent Storm™ Wrote: [\[CITE\]](#) I really like this idea, but what if members that want to buy signatures don't have OMC?

EDIT: Can someone list places to buy OMC?

I bought mine from users here and Bittrex.

**EagleScream** - August 29, 2015, 12:49 pm

(Aug 29, 2015 12:25 PM)Realizm Wrote: [\[CITE\]](#) Going to invest in buying \$500 worth of OMC later today then ?

Same, will buy omc worth of 200\$ today/tomorrow.

**SoulZeh** - August 29, 2015, 1:07 pm

I could use this, I mean... I still have to get myself that epic userbar ;3.

**Mr. WAVES** - August 29, 2015, 1:48 pm

(Aug 29, 2015 12:23 PM)UnNullRouted Wrote: [\[CITE\]](#) Will you still be implementing this but with btc/ltc etc?He already said nope.

I like the idea, OMC may stay alive because of this feature.

**Gustav.** - August 29, 2015, 1:53 pm

I thought you were done with OMC Omni?

**adampelletgun** - August 29, 2015, 1:58 pm

Sounds like an interesting system.

**Limited Edition** - August 29, 2015, 2:00 pm

Omni, I saw that you would make it so the seller can not change their signature but what if the buyer updates their signature and wants the seller to update their's to the new sig?

Example: Seller wears signature selling VPN \$10 Lifetime.

Buyer adds 50% off to the signature and changes the price to \$5.

Can the seller then update their sig somehow or would they need to wait until the purchased time to run out before updating it? I guess this will only be a problem for long duration signature purchases.

**Omniscient** - August 29, 2015, 2:00 pm

(Aug 29, 2015 01:53 PM)Chief Wrote: [\[CITE\]](#) I thought you were done with OMC Omni?

Apparently not. I'm doubling-down on my sucker bet. Dumb move on my part but fuck it. It's for the community.

**adampelletgun** - August 29, 2015, 2:03 pm

(Aug 29, 2015 02:00 PM)Omniscient Wrote: [\[CITE\]](#) Apparently not. I'm doubling-down on my sucker bet. Dumb move on my part but fuck it. It's for the community.

Now I wish I still had my 44k coins wallet :/

**630** - August 29, 2015, 2:04 pm

That's a pretty good implement if the seller / buyer want OMC.

**Roger Waters** - August 29, 2015, 2:07 pm

Plot Twist: Omni told everyone he wasn't going to support OMC anymore so everyone would sell

their OMC which would encourage more transactions and in return, saved OMC entirely. I see what you did there. ?

**Omniscient** - August 29, 2015, 2:12 pm

(Aug 29, 2015 02:07 PM)Roger Waters Wrote: [\[CITE\]](#) Plot Twist: Omni told everyone he wasn't going to support OMC anymore so everyone would sell their OMC which would encourage more transactions and in return, saved OMC entirely. I see what you did there. ?

It's more complicated than that too. We had some people intentionally pushing OMC down. They panic sold too and for cheap. There was an 8 BTC sell order at .00001 which was keeping OMC price low. Now just 2 BTC and we're in the .000012 price range again.

I know exactly what I'm doing. ?

**-Taunt** - August 29, 2015, 2:18 pm

This makes me want to buy some OMC, it sounds like a good idea.

**Gustav.** - August 29, 2015, 2:24 pm

(Aug 29, 2015 02:00 PM)Omniscient Wrote: [\[CITE\]](#) Apparently not. I'm doubling-down on my sucker bet. Dumb move on my part but fuck it. It's for the community.

Well nice to see your at it again ? from that very short break lol.

**Filthy Frank•???** ? - August 29, 2015, 2:27 pm

Omni going hard with the OMC today. ;)

**Griev?us** - August 29, 2015, 2:29 pm

I love this idea. Really helpful so I don't have to constantly get PM's about signature spaces instead be able to have them going automatically to the last second.

Can't wait for this to be added. ?

**HACKED** - August 29, 2015, 3:32 pm

Great idea. Glad to see OMC coming back.

**Aurora** - August 29, 2015, 4:44 pm

Wow, this is an interesting feature. Especially for people in the marketplace.

**Angel Beats??** - August 29, 2015, 5:27 pm

(Aug 29, 2015 02:12 PM)Omniscient Wrote: [\[CITE\]](#) It's more complicated than that too. We had some people intentionally pushing OMC down. They panic sold too and for cheap. I know exactly what I'm doing. ?

What a fucking pro? I knew you were good, but I didn't know you were that good.

**Realizm** - August 29, 2015, 9:17 pm

I didn't jump on this quick enough and the price has risen by almost 500% so it looks like I'll be waiting for the hype to die down before buying any OMC.

I think better, safer ways of doing transactions on HF through the use of OMC will make the coin really big compared to what it is right now. This signature idea is a very good idea to ensure that buyers get the proper amount of time and what not.

**?????™** - August 29, 2015, 9:21 pm

Would the buyer of the signature be able to edit the signature whilst they have bought it?

This can open up some issues, the seller would need to approve it again to avoid policy violations.

**Doctor Blue** - August 29, 2015, 9:34 pm

I have said this before. Being able to use Omnicoin without paying to you automatically makes it a great idea. Also selling signature spaces for advertisements is already something a big part of the community wants. If it can be done with a sensible amount of work, it might bring back Omnicoin.

**iHeal** - August 29, 2015, 9:49 pm

Sounds like it will be really cool. Glad to see more things that work with OMC, I'll probably buy some soon.

**ZuGgY** - August 30, 2015, 9:32 am

Would help OMC a lot in general, sounds great.

**BITW** - August 30, 2015, 1:08 pm

Great project. You always rocks my dear Omini.

**Control Panel** - August 30, 2015, 1:11 pm

(Aug 29, 2015 10:54 AM)Omniscient Wrote: [\[CITE\]](#) BOOM!!!

It made you look so old when you did this lmao. This is a good thing this will be a real good use of OMC.

**Tokyo** - August 30, 2015, 1:33 pm

Holy shit, checked the price of OMC on bittrex when you announce you weren't helping OMC anymore but when I checked now, the price has skyrocketed for sell orders.

**Aurora** - August 30, 2015, 4:19 pm

(Aug 30, 2015 01:33 PM)Stazzy Wrote: [\[CITE\]](#) Holy shit, checked the price of OMC on bittrex when you announce you weren't helping OMC anymore but when I checked now, the price has skyrocketed for sell orders.

It's all part of Omni's masterplan. ?

I really like the hype for OMC currently.

**Mr. WAVES** - August 31, 2015, 8:12 pm

Will this be kind of "NewPoints" (plugin made by Diogo Parrinha, from MyBB team) but for Hackforums and a lot more complex?

When I was running a forum I enjoyed this plugin. People were able to send each other points, they where able to play a mini lottery game each week. If it will be similar to this plugin, I have a lot of ideas.

**@NEGRO** - September 2, 2015, 4:14 pm

great application omnicoin to the website. i support this.

**Omniscient** - September 2, 2015, 5:58 pm

(Aug 31, 2015 08:12 PM)Y?O?L?O?n??li??n3?\_? Wrote: [\[CITE\]](#) Will this be kind of "NewPoints" (plugin made by Diogo Parrinha, from MyBB team) but for Hackforums and a lot more complex?

New Points is based on MYPS which was the plugin I wrote for MyBB 1.2x years ago. My plugin was very comprehensive and I ran it here but it was removed when we upgraded to 1.4x. I still don't

think we need a points system here.

**FastCrypt** - *September 3, 2015, 1:22 pm*

Wow this is a very interesting idea.

I will be utilizing this system.
