iWatch - August 29, 2015, 12:19 pm

So I made quite a lot of money (€5000+) within a few days doing a thing I discovered. It was all made online, and I'm underaged as well. EVERYTHING'S POSSIBLE! Also got a new 27" monitor as well as Razer BlackWidow. Good week so far. =)

Word right here buddy, I'm currently working with someone else to implement something to my method, thus making it more automatic, and easier - meaning more profitable aswell.

Make an ebook telling people how to make your money, post a picture of your money in it, sell it for \$500.

Easy way for you to double the amount of money you have.
