Thread: [Post a number from 1-1337 and win a GTA V Steam gift. \(2 WINNERS CHOSEN\)](#)

iWatch - August 29, 2015, 5:42 pm

Hey guys?

Since I've got 10+ copies of GTA V in my Steam inventory, I figured I'd give out one of those to a lucky lil boi on this forum when I wake up.

Post a number from 1-1337 and I'll pick a winner tomorrow! GL?

Chose 2 random people, here are their vouches:

As lovely as this sounds, sadly you're not allowed to give away steam gifts.

My thread got removed on the same day due to this reason.

King Ragnar - August 29, 2015, 5:46 pm

I will pick number 228, this would be pretty nice to receive and thank you for hosting this contest.

BLURRYF?CE - August 29, 2015, 5:46 pm

yeah it's under disallowed blackhat activity. Can still sell steam accounts and shit though. Just nothing to do with keys/games anymore.

Congratulations, you've won!

I'll send you a PM now and you'll vouch on this after receiving the copy of GTA V. Sorry to end this so quickly - but apparantly this was against the rules..
