Thread: [rep abusing](#)

?dyss?us - August 31, 2015, 12:31 am

I have read the site terms. I am not actually complaining this but seems few users are just showing their power with a new and normal user like me. I just upgraded my account with HF so i can tell this to some peoples that how unfriendly more users are.

You may tell me that "This thread will bring more -reps to me etc" But did you ever think that i am just posting my opinions and after all i am facing issues for those -3 reps. Is this the reason the owner selected them to become an Ub3r user ? Is this a sign for an ub3r who actually -3 reps someone who actually do not even know them. I felt so much pain and that is the reason i just wanted to say this to all of you. I heard this site is really friendly but few users welcomed me wrongly i must say. This is not a friendly behaviour at all.

The following users repped me negative for nothing and i got shocked.

Anyway thanks to all for reading.

This is going to work out well.

We recommend you take the time to read the [HF Help Documents](#) section. The answer to your questions should be contained in there.

Read : [Reputation System Help Document](#)

The reputations they left you are totally valid.

Rayzan - August 31, 2015, 12:33 am

Well did you do anything to annoy them? It doesn't matter bro and crying about it isn't going to help you but it will do the complete opposite and get you more negative rep.

Taylor Swift? - August 31, 2015, 12:33 am

Oh shit are they hurting your feelings? Jesus this is a police matter. Please call them and inform them. I can assure you they will help you with this problem.

you care as much as any other guy here who pretends "they are just pixels"

OT:

@Eurosystem this is how people are here. Once you upgrade to uber you'll find yourself waking up to random +3 rep. However until you upgrade you'll wake up to random -3 due to "pussy ubers" repping people who can't rep back.

OP actually took this advice and one of them ended up reversing it. Who would have thought?

That's pretty funny. Deal with caution has always been a gray area.

If you complain to staff that you were given "deal with caution" without a proper scam report link posted into the rep, they will remove it.

That is scamming related reputation and "Deal with caution" is not same i think.

Please correct me if i am wrong. ?

You're right, it is for scamming related reputation.

But I've bitched and moaned to whichever staff is online at the time and they have always removed it because I never did any deals with them and it fucks with trades.

Thanks mate.

Hmm because the user has no deals with them yet but felt unfriendly so he left "Deal with caution" I think this makes sense.

Anyway i always prefer fixing things instead fighting. I wish this get fixed and each do their own business.

OP;

This thread is going to do nothing and will do nothing for you. Any member who is upgraded is free and

clear to leave whatever opinion they may have of you. Those are valid by rule standards. The forums aren't

here to make you feel all cozy and warm inside. Members here can be nice, and some can be dicks. This is the internet and it should come as no surprise. .__.

If you're honestly that shocked, worried, and upset about the reps right now, I can only give you the advice, "get out while you still can". The internet is more or less an unkind and cruel place full of trolls. HF does it's best to mediate and make sure everyone follows site policies and standards. However, we're not babysitters and we're not going to hold your hand every time you get upset.

In this event, you either deal with it, or you move on. You can always PM the users who neg repped you and ask them why, or you can choose to ignore it. .__.
Closing this thread though since the reps are valid.

-Viral.
