Vouch for both of these guys! Did exchanges with them in the past that went really smooth and today I bought 4 awards from them for a nice price. I am one of these people that dont trust easily someone with their money. But with these two guys you have nothing to be afraid of. Vouch!

Just a quick question. What's the difference between buying the award(s) from you than buying it ourselves? Like the Benefactor and other donation awards.

Earth.IP - September 1, 2015, 12:40 pm

Vouch for these. I've done multiple deals with BTC with these two before.
