Thread: [\[NOW 20% OFF\] The VPNMen | Your own VPN business! | The ORIGINAL VPN setup company!](#)

Dan Smith - September 1, 2015, 2:15 pm

20% OFF FOR A FEW DAYS. GET IT WHILE IT LASTS!

New thread design coming soon, apologies.

Current special offer: 20%-off sale!
Offer does not apply to the WHMCS automation module.

Need a private VPN? Full setup with logs disabled: \$20
Need a custom client (Windows)? Contact me.

Skype contact is preferred, click the thread to send me a pre-made PM!

Please contact me only if you're serious. I get a lot of people who ask me everything about it and then just stop replying. I will open a community alert if you waste a lot of my time.

Quote:Vouch for Guycheap. Helps me with my VPN if somethings up, and set it up initially. He's now my tech guy :)

Quote:Vouch for Guy, He knows what he is doing.

Quote:Vouch for guy! Hopefully this can take off brorum!

Quote:Vouch for Guy!

I have worked with him in the past, knows what he is doing!

Quote:this guy is legit and has helped me out many times

Quote:Vouch! I would choose this over anyone else's service.

More can be found on the old thread!

Do you like to sales trash? Go do your research if someone were offering to setup a whole VPN
Provider along with the \$400+ worth of items involved in it and hours of time they are a real idiot..
Probably not as big as you though.

Really interested in this. Got enough money for investment too. Added you on skype, I have a few
questions. Would love to grab the 50% off deal.

Looking into getting this.

Contacted OP and he seems very nice and professional.

Will be buying this service from him soon.

Thanks dude!

Sales are still up and running! Haven't been too active on the forums but you can always message me.

Dan Smith - May 11, 2016, 6:08 am

I haven't been active on HF at all lately, but I'm still offering this service! Hit me up on Skype!

Narcist - May 14, 2016, 3:35 pm

Added on skype hope to talk to you soon

Dan Smith - July 15, 2016, 5:33 am

I've just set up [RebelVPN](#) for RebelNetworks, all new customers are welcome!

Dan Smith - February 26, 2017, 8:44 am

Haven't been very active on HF, but still selling these setups! Hit me up!

Norg - February 26, 2017, 9:37 am

Hey,

I'd like my own VPN setup on my laptop. Could you point me in the right direction what I'd need to purchase to get it setup from you?

Cheers,
