How to get Origin Accounts!
In the following sentences you will
learn to set up a program
for getting Origin Accounts!

[Step 1]

Go to the downloaded folder, and double click Origin Cracker.

[Step 2]

Click on Load Base - Basically mean load combolist

[Step 3: Optional]

We now need some proxies so head over to the site linked at the bottom of the thread then you can download daily proxies.

[Step 4 Optional]

Click on Https and then locate your proxies. Or you can run it proxyless.

[Step 5]

Click on add settings, then make sure your settings look the same as myne.

[Step 6]

Make sure that if you are using proxyless you use 30 threads if your running proxies i leave it at either 100 or if you have a good pc do 300.

[Step 7]

Time to look at your accounts after about 2 seconds i cracked an accounts. It will create a file called Origin_Good

Proxy Site: <http://sockproxy.blogspot.co.uk/>

File Download: <http://www.filedropper.com/originbrutechecker>

(I take no responsibility from these documents)

I included Some Proxies

There will be a guide soon on how to get combolists, keep in mind there are many forums where you can find them for free.
