AuntEsther - September 3, 2015, 12:08 pm

Scamming sucks. Nobody likes to be cheated, especially if they didn't even cross the person in question.

I'd like to enter the competition. I'd like to be L33T just to be able to rep the deserving helpful people in the forums.

I contribute around HF mostly in the Mobile section. Android is my life. A lot of newbies have questions and don't know how to find information. We've all been there, even with a search engine handy. I give back to HF that way. No question is too big, or too embarrassing, or too stupid. At least for me.

Thanks.

Burakku Kenshi - September 3, 2015, 12:10 pm

I would like to enter in this contest.

First off, thanks for giving me the chance to win l33t. It would be amazing if I could get upgraded. Sorry you got scammed it always sucks to get scammed.

I would love to get upgraded because I feel that it would make the other users trust me more which in turn would give me incentive to release more great programs.

Here are my contributions to the forums.

SMS Bomber: <https://hackforums.net/showthread.php?tid=4973715> Will be releasing an updated version sometime today.

Found a member who was attempting to scam people:

<https://hackforums.net/showthread.php?tid=4963251>

Source code to a simple little tool I made: <https://hackforums.net/showthread.php?tid=4947330>

And the last and best I removed some rats from a few people's computers and found out who ratted them: <https://hackforums.net/showthread.php?tid=4944125>

Good luck to everyone, and again thanks OP for hosting this contest! :D

In the OP, you asked us to post why we think we deserve this, I don't think I really deserve it but idnlke to get it as it will most likely get me more active on here and it'll make me want to contribute

and give back to the community what it has given me.

Off-topic, I'm sorry you got scammed and hope you make back a lot more than you lost.

Reason you deserve this: I don't deserve anything, nobody does. It would just be nice to be able to access the privileges that Upgraded members get.

Contributions: Sadly, I can't really say I've contributed much. In all honesty, I'm pretty LQ. If I got the Upgrade, it would help me be HQ, which is always good ;)

I help users with any problems they have, gave away some Bitcoin before as well as made a few GFXaervices for a few people. Winning Leet would be amazing as I would love to seem like an established person of this community. Getting Leet would be amazing!

Regards.

I'd love to get a shot at this to mainly be treated fairly here.

to raise PM inbox capacity, for storing more of my messages.

I would like to post sometimes in the Science, Religion, Philosophy and Politics forum. Maybe some day when I post a tutorial of mine, L33t upgrade would help my tutorial to be recognizable and more people would read it and maybe learn something of it.

Hope you pick me for L33t upgrade ?

Thank you for doing this giveaway ?

I think this user deserves to be upgraded. He makes amazing pieces of art (my signature) and he does so for free. He's just a nice person in general as well. Very humble and kind hearted and very talented. He doesn't ask for money or ask for anything in return. He's just following his passion and I think it deserves to be acted upon. This user deserves the respect that us upgraded members get (whether anyone thinks they do or not) and deserves the features that come along with being upgraded. This user should know that we support him and that he is not going unnoticed. This user's name is Banker and he is who I want to personally enter for, in the wonderful contest of yours. Sorry for your loss. I'd like to enter the giveaway because I feel that there's so much this forum has to offer. I have been negged by countless users after making some mistakes in the beginning like asking for freebies. I learned my mistakes & have been working on my rep by being a positive member of the community. The upgrade would not only help me with my future deals, etc. But would offer numerous features that would benefit me inevitably, in the long-run. This would honestly make my year.

Contest ends on 10th September

Your post number is the number you're going to pick

Post why you deserve it and your contributions to this forum

I will pick 10 random winners using random.org

I wanna win because, erm i don't know if it should deserve it because i only contributed 1 thing so far which is a simple exploit to get free apps in the play store.
