Old Recruitment 64+ : <https://hackforums.net/showthread.php?tid=4982766>

Day 1: 1st September 2015

[Recruitment Was opened](#)

The group hit our first member count of 15 members. We set out on planning future mentoring sessions + homework tasks

Day 2: 2nd September 2015

We reached the member count of 22 members after kicking over 10 members for not being dedicated.

We also released our first couple of guides

[Cracking Rdps](#)

[Crack Origin Accounts](#)

We set our first bunch of homework on networking thats due on the 5th

Day 3: 3rd September 2015

Today was a day of helping members and re-assuring members about there homework and what proccess we will take. We also removed 10 members and recruited more dedicated members.

More guides where released

[Windows Password Cracking](#)

[Setup a Secure Rat](#)

[We Opened A Rat HelpDesk](#)

[Also Gave Away Free Mentorship Slots](#)

Day 4: 4th September 2015

Kicked even more members who could not keep up and who were not willing to do the work (We do not spoon feed you). We received an offer from archive (That will be discussed in a future date)

We started collecting homework that was done and dished out some extra homework to members who asked for more. We reached over 60+ pages on our networking guide that will soon either be released to the public or sold to help fund resources needed for the group. The guide is not yet complete but we predict the book will have over 80 pages teaching you networking basics that could even land you a job.

We worked on a ultimate spreading guide to clean hf of those shitty spreading ebooks and this can be found for free

[Spreading Guide](#)

Day 5: 5th September 2015

First bunch of homework due today, already kicked 3 more members just waiting to see who else didnt do homework. We reached over 70+ pages in our guide and its still incomplete. New Guide

[Cracking All Accounts](#)

Went through 38 pages on networking and planed our doxing session

New Guide:

[Simple Doxing Guide](#)

[Windows 10 Desk](#)

[Simple Footprint Removal](#)

[Basic Java Syntax](#)

[Keep Your Password Safe](#)

[Keep Safe Online Basic](#)

Day 6: 6th September 2015

"Having low self-esteem and making up for it by threatening clueless people"Very funny. When did we threat anyone by any chance or are you butt-hurt because you was the victim?.

Hinch - September 5, 2015, 3:20 am

Updated it with todays infomation

Grievous????? - September 5, 2015, 3:25 pm

Nice!

My simple doxing guide is on there.

We making progress hella fast, faster than some official groups.

Senpie - September 5, 2015, 3:25 pm

Very nice progress tracking thread you have here, hope to see a lot more from the group and it's members (such as myself :D)

You mean all ?????? teeehee

im going to add memberlist right now

DylanTVG - September 5, 2015, 3:27 pm

This group is surely improving throughout, I can't wait to see on what we accomplish in the future.

Hinch - September 5, 2015, 3:43 pm

Yep now we just added yet another guide to the hf community

Leeway - September 5, 2015, 4:45 pm

My name is not supposed to have a captial W but its fine.

This group is the best by the way.

Seizure - September 5, 2015, 5:41 pm

Nice, good progress. Sucks that I got blacklisted, but oh well.

Funtage - September 5, 2015, 5:53 pm

Thanks it seems we are getting a lot of hate over these few days but its ll good :)

Armada - September 9, 2015, 12:09 pm

Some tuts on their way from me branded under this soon enough, just gotta bring my lappy in for service first ?

Hinch - September 10, 2015, 2:40 pm

This seems interesting armada. We now started a new recruitment.

PolarBeats - September 15, 2015, 2:59 pm

you should expect to see more coming from this group

Hinch has really been keeping an eye on the members

Hinch - October 14, 2015, 1:12 pm

i completly forgot about this i will add more stuff
