Past Leaders: [H??????a X™](#), [Wolves](#), [Morchid](#), [`P R O D I G Y™](#), [Pinterest](#) & [Glassy](#)

The Red Lions is nokia2mon2's special group that he controls. The group was formed as a result of multiple significant donations made by nokia2mon2. He has donated over \$10,000 in the name of the group, and has his own award, the Heart of a Lion. The most recent of which prompted Omniscient to add a drop shadow to the usernames of members of the group. The Red Lions and the Reviewers are the only usergroups to have a special username effect. Before the introduction of Omniscient's Deal Dispute Database, the group was in charge of the Red Lions Scammer Database, a list of user-submitted scammers on the forum.

The group was formed in January of 2011 under the sole leadership of nokia2mon2. Many donations have been made in the name of the group, and over 100 member upgrades have been made in the name of the group to date. For a while, two members spearheaded leadership within the group and that of the Black Knights, H??????a X™ and Wolves (nokia2mon2 was inactive.) Eventually, Wolves resigned from leadership as did H??????a X™. Leadership of the group was passed onto Glassy and Morchid. Morchid's account was closed and his leadership removed after a dispute with a staff member. Today, nokia2mon2 leads the group.

I posted before Odus.

At the end of the day it doesn't come down to if he is in a group or not.
I'm committed to keeping this thread up to date, and I posted before him.

It's not about what group he is in and im not.

HIGH PAID FELLA - September 5, 2015, 1:09 pm

Is there even a drama about who made it first? Your one is fucked up now sir, how you gonna fix that!!!

Grievous????? - September 5, 2015, 1:27 pm

Just need Raymond to remove his post and a staff member to remove SirZio's post and everything will be fine.

This is kinda funny in my opinion.

Grievous????? - September 5, 2015, 5:38 pm

Well, I'm only going off what D3xus tells me.

D3xus made a post Today saying anyone could take over from him.
So I did.

Then Odus made a thread after me and his excuse was "I have big plans"

Roger, yours was made before D3xus made his post so idk about you..

Yes, that is because I continued the thread last time D3xus left for an extended period of time. I re-opened it earlier today when he made his post and updated it. I figured I'd re-open it and continue it since I'm already doing adjustments for group changes on the Wiki, so it wouldn't be that hard for me to make adjustments on the thread.

Leaders in both Specialists and Red Lions have messed up usernames. Your computer made the characters into question marks so just copy and paste again.

If you do it this way, then Astonish needs to be a past leader of Echo since it used to be Respawn. And same with +Pirate and whatnot. It's just way too confusing to do it that way. It's better to just list the current and past leaders for the specific group imo.
