Gem - September 6, 2015, 8:47 am

Stapleton - September 6, 2015, 9:03 am

People fighting for a topic so that it can get stickied? This needs to stop really. Most of them won't be even dedicated.

Krew - September 6, 2015, 9:05 am

They all want to grow their e-penises.

Cammy - September 6, 2015, 9:12 am

lol, Why not just add a link to the groups wiki page at the top of that section? Seems simpler to me.

That's a pretty good suggestion. I, however, am not the person with sufficient privileges to implement such a change.

Free Promo lol.Groups don't need promo. The power starved Ub3rs are always wet while constantly stalking the groups.php page, ready to spam the Send Join Request again and again button when they continuously are denied. It isn't until they finally realize that without a \$50 donation that they won't be getting into any.

I closed the thread and didn't re-open it. Some low quality poster re-opened it.
