Thread: [|| Affectus || > COMPILATION OF E-WHORING GUIDES, PACKS AND MORE > 60+ HF THREADS <](#)

Carpe Diem - September 6, 2015, 2:52 pm

??Affectus??

<---?-----?-----?-----?--->

Affectus would like to provide the eWhoring community a compilation of e-whoring threads.

Hello HackForums, due to a lot of people asking for things you could easily find with a simple search, and good guides being buried under hundreds of other threads I decided to make a compilation of guides, packs and much more! Hopefully this will reduce the number of LQ threads in this section.

First things first: take a few seconds to read the E-Whoring section rules:

Quote:1. No adult images with nudity

2. No linking to adult websites

3. No discussions on extortion or blackmail

4. No topics or discussion on breaking Paypal TOS or fraud

5. No threads bragging about your earnings. Visit the [Bragging Rights](#) forum instead.

You may not think it is, but trust me, it really is.

People make so many threads about pic packs/help/guides, etc, without bothering to look themselves. I'm pretty sure I'm not also the only one who gets P.Md about these things.

Thanks for making the compilation.

Maybe I'll stick it some day, but I think if it's on the first page it's easy enough to see

(Sep 8, 2015 10:44 AM)Darth Burnham Wrote: [\[CITE\]](#) Someone should take all these threads, read them and compile them to one super duper mega thread or pdf.

It can become a real book of 60 pages and more.

Ain't nobody got time for that. Unless you want to get a Ph.D. in E-Whoring.

dopepizza - September 8, 2015, 11:34 am

Woah, you included some of my tutorials, nice thanks man :).

(Sep 8, 2015 11:06 AM)Darth Burnham Wrote: [\[CITE\]](#) Would there be enough motivation if I would pay 30\$ for it?

It's just too much work. It would take a lot of time and I'm not sure if it's worth as I already excluded from this thread a few guides which didn't provide any unique information.

I don't think it takes more than 2 hours to read and understand every guide from here.

Anyway if anyone wants to do this I can contribute with a shitty majestic cover for the book:

I'm surprised this isn't more active, either. It literally has everything you need to get started E-Whoring.

Also, for the glamorous OP:

I'm currently working on another guide, and will alert you once it's out.
