Thread: [New section: Discussions under the tab "Money"](#)

Hi.

I had a small question about AdSense and I could not find a section where I could post my question. I thought it belongs under the tab "Money".

There should be another section where you can ask questions/talk about stuff, all related to money.

What do you all think?

Yeah good idea... I support it.

I am 99.99999% sure this would go under [SEO and Internet Marketing](#)

Not really. Because I want to know if I can sign up for AdSense again after my first account got banned.

Well, that might be the best place since the people there are familiar with AdSense. The only other place I can think of is the CPA/PPD section, but that's different.

I see where you're coming from. But it's not directly a great fit.

AdSense is internet marketing, it belongs there. You'll need to find 100 or more threads about AdSense within the last month before creating a new section will be considered.
