Thread: [-- Insight Group Recruitment -- Tier 1-3 - Knowledge Based Group --](#)

Hinch - September 10, 2015, 1:37 pm

Old Recruitment Over 100+ posts: <https://hackforums.net/showthread.php?tid=4972033>

Insight Recruitment.

Who are we?

We are a group of individuals who are all skillful in at least one field. We believe that knowledge is key to success, and that it should be easily available

Why should you join us?

Well first of all ask yourself a question. Are you in seek of knowledge?

What makes us different from other groups?

We are a very well organised group. We intend to import a system to make sure all our members will be active. We also intend to do a sort of "Mentoring" if you wish to call it. Every member recruited will have to teach at least 1 thing to all the other members in one session together, call it like school if you wish. You may think why are we doing this, well we are doing this so that all our members benefit from each other and you put in work to receive information, rather than being spoon-fed.

How can you join us?

Well simply fill out the form in a post below (Keep in mind the slots will be limited and if you do not fulfill your task you will be removed.)

Tier 1

Code HF UID:

How old are you?:

What timezone are you in?:

What are your skills?:

What are you interested in learning about?:

Will you represent us in an HQ fashion?:

Do you use Skype and/or TeamSpeak?:

Are you willing to do a large amount of Hw?

Do you have a mic?

List some notable threads?

How can you benefit the group?

Why should you take one of the last few slots?

Tier 2

Code HF UID:

How old are you?:

What timezone are you in?:

What are your skills?:

What are you interested in learning about?:

Will you represent us in an HQ fashion?:

Do you use Skype and/or TeamSpeak?:

Are you willing to do homework?:

Tier 3

Code HF UID:

How old are you?:

What timezone are you in?:

What are you interested in learning about?:

Do you use Skype and/or TeamSpeak?:

Are you willing to do homework?:

Where can you find us?

We will have our own group on a offsite forum where we will be centralized. The forum we will use alongside of hf is run by one of our members.

We look forward to seeing applications.

I just think buy ins to a group is beyond silly, especially one that isn't even official.

If you don't care about everyone's opinion, why do you write a bigger reply to every single one of them?

Why would I want to be forced to write tutorials and pay for it to let you take the credit? No thanks.

Why are you all bitching about buy-ins? State your opinion and let it go. We don't need 3 pages dedicated to a buy-in discussion. You're not forced to buy into the group, none of us did.

Should anyone who has the money and wants to join easily by paying to get in, they can.

Just like you can buy-in in other groups. Or are you all telling me it's all about the userbar? Lessons are given within the group as well so someone who buys in would still benefit.

I have seen more useless shit going on in official groups I've been in that accept buy-ins than this unofficial group.

THIS ISNT AN OFFICIAL GROUP THIS IS A PURE OBVIOUS MONEY MAKING SCHEME, ACCEPTING EVERYONE PUTTING THEM INTO DIFFERENT TIERS, PRIORITIZING UB3RS AND EVEN MORE REPUTABLE MEMBERS BY PLACING THEM INTO THE TIER 1 GROUP

WORSE THAN FORTUNE.

Its not an official group.

Tier 1 is for teachers and most dedicated members.

Tier 2 is for experienced members/studens

Tier 3 is for Students who are new and have not proved them selves.

Money making scheme ha. What have you done for the community. We are contributing and educating members. We couldn't care less about rep. We have members with 3 rep and non upgraded in tier 1. The funds if you must know are used for educational purposes such as dedicated servers and vps's and vpns.
