Bald Cat's Innuendo Support Thread

Hello ladies and gents. I know Fox has a thread similar to this as well but I thought I might as well contribute also. This thread is mainly a thread that you can post your problems or questions on. I'll try my hardest to assist you in the best way possible. If you don't want your problem/question publicized them simply pm me and I would be more than happy to help you out.

Some things I can help with:

- /relationship problems
- /talking to girls
- /family issues
- /personal issues
- /mental issues (would also fall under personal issues)

-More specific-

- /stress
- /depression
- /anxiety
- /low self esteem

I'll strive to help each and every one of you to the best of my ability. Even if you just need to get something off your chest I'll be there to listen.

Since I mentioned Fox and his thread I will credit him below.

His thread can be found [here](#). I think he does a great job.

If you want to pm me click [here](#).

Please post even if you have sent me a pm to keep the thread alive.

I was going to suggest turning it on and off again but I guess you tried that. Have you tried Viagra?

/talking to girls

We were in a group. Me, my best friend, her sister, and 2 other girls. Now we don't meet anymore cause the purpose of the group is over. I talked to her alot and she responded alot.

How to start a conversation with her ? And make it last?

Hit her up with a simple hey. Talk about things she likes and things that you like.
