BotMarket - September 13, 2015, 2:18 am

After making this maximum and tick had a friend make a fake report about me

Proof it was made to blackmail me into removing this thread

(Sep 13, 2015 12:15 PM)Private Network Wrote: [\[CITE\]](#) BotMarket, how about this.

You never post anything about Maximum or Tick and remove that thread, I'll remove this one and never talk about you either.

They both spam all there skype contacts to vouch on there sales thread.

I mean look at this one for an example

<https://hackforums.net/showthread.php?tid=4960311>

6 Pages of friends vouching.

WARNING! USERS HAVE SCAM REPORT!!!!

Ok so these 2 guys have ripped off tons of HF members with there shit so called "Crackers" Hack any Facebook, Twitter, IG, They say.....

Well we all know these products are shit....

Tick was the main seller and so called coder of the products.....

Now Tick went MIA for about a month or so because everyone started making deal disputes for his fake/non working so called crackers....

If you search Maximum's profile you get

Maximum even said on his new thread.

Then Maximum said basically he didn't code

Now Maximum when you said hes not your partner anymore and he totaly fu*ked you over with all your deal disputes and you had to refund out of your own pocket... But now you have him vouching on your threads and your vouching on his threads just like last time like nothing ever happened?

Also the product he is selling is from a banned HF member. Pretty sure hes proxy selling for him...

That's because we've refunded every customer that opened a dispute on us and we got past that, I don't get why you're on our dicks 24/7.

Private Network - September 13, 2015, 2:21 am

Why do you care about them.

Their products work and are a nice solution for anyone who has money and want to do what the products advertise.

SIM-888979 - September 13, 2015, 2:23 am

Vouch for OP. Tick and Maximum are pure scumbags.

Bet - September 13, 2015, 2:23 am

I took a break from HF, came back and resolved all of the disputes that were left... If you noticed, all the deal disputes were made after I left, probably because I wasn't around for support etc. (But they are resolved so it's okay)

Me and maximum are still on great terms. I never stated I coded any of the programs?
Is this why you made the community alert? ?

Infinity. - September 13, 2015, 2:24 am

The fact that they are closed by OP means resolved, you're only making yourself look more dumb.

Billie Joe - September 13, 2015, 2:24 am

tick is my facebook friend

Bet - September 13, 2015, 2:25 am

The ones that are left open are ones made by Mons (who we've offered a refund 100x times, he won't accept), and ones that are inactive who I've already contacted for a refund when they become active

Balding - September 13, 2015, 2:28 am

On your dick? wow guy so professional this is another reason to put out a community alert about you two. Your customer support is rude and most the time if you read the pages on your deal disputes there always is some excuse of one of you two being away.....

The Maximum 1238642 & Tick 1965500 Team Is Back WARNING

Fuck the police coming straight from the underground

A young nigga got it bad cause I'm brown

And not the other color so police think

They have the authority to kill a minority

Fuck that shit, cause I ain't the one
For a punk motherfucker with a badge and a gun
To be beating on, and thrown in jail
We can go toe to toe in the middle of a cell
Fucking with me cause I'm a teenager
With a little bit of gold and a pager
Searching my car, looking for the product
Thinking every nigga is selling narcotics
You'd rather see, me in the pen
Than me and Lorenzo rolling in a Benz-o
Beat a police out of shape
And when I'm finished, bring the yellow tape
To tape off the scene of the slaughter
Still getting swoll off bread and water
I don't know if they fags or what
Search a nigga down, and grabbing his nuts
And on the other hand, without a gun they can't get none
But don't let it be a black and a white one
Cause they'll slam ya down to the street top
Black police showing out for the white cop
Ice Cube will swarm
On any motherfucker in a blue uniform
Just cause I'm from the CPT
Punk police are afraid of me, huh
A young nigga on the warpath

Fuck the police and Ren said it with authority

Because the niggas on the street is a majority

A stash box, for the so-called law

Wishing Ren was a nigga that they never saw

Lights start flashing behind me

But they're scared of a nigga so they mace me to blind me

But that shit don't work, I just laugh
Because it gives them a hint not to step in my path
For police, I'm saying, "Fuck you punk!"
Reading my rights and shit, it's all junk
Pulling out a silly club, so you stand
With a fake-ass badge and a gun in your hand
But take off the gun so you can see what's up
And we'll go at it punk, and I'ma fuck you up!
Make you think I'mma kick your ass
But drop your gat, and Ren's gonna blast
I'm sneaky as fuck when it comes to crime
But I'ma smoke them now and not next time
Smoke any motherfucker that sweats me
Or any asshole that threatens me
I'm a sniper with a hell of a scope
Taking out a cop or two, they can't cope with me
The motherfucking villain that's mad
With potential, to get bad as fuck
So I'ma turn it around
Put in my clip, yo, and this is the sound
{*BOOM, BOOM*}
Yeah, something like that
But it all depends on the size of the gat
Taking out a police would make my day
But a nigga like Ren don't give a fuck to say

That just shows how much of a child you are, you left the group just because I was in the group as well, you gave him an ultimatum of him kicking me from the group or you leaving which clearly backfired on you, after you left it was clear you were upset due to having one less userbar to wear on your profile so you tried to make amends with zSerity which ultimately backfired on you. Vouch for junior his products are great

That makes everyone think you made it. In fact you just pay someone a few bucks to make it.

I just want everyone to know you or tick do not make the products you are basically just resellers. if he owns the product then it is his product you fucking idiot what is so hard to understand about that

just because he doesn't create it doesn't mean that it isnt his

You get all your friends to post on it saying

Vouch for junior his products are great

That makes everyone think you made it. In fact you just pay someone a few bucks to make it.

Holy fuck this post made me think you're more retarded than you actually are. This is like saying Apple is a reseller for the Chinese that make their products you fucking idiot. Of course Tick and I never made our products since it's blatantly fucking obvious we can't code/program and we never stated we can, also it is my product since I had it made for me.

End of the day you still spam all your skype contacts asking for them to vouch for your products just stop selling misleading products. "Crack any faceboook" when you know it will never crack anything.
