More rep that quite some users don't like him and his products:

<https://hackforums.net/member.php?action=profile&uid=1709393>

That's the user in question.

The fake alert obviously for sales trashing.

<https://hackforums.net/showthread.php?tid=4985932>

And now everything wrong with his products.

<https://hackforums.net/showthread.php?tid=4979870> Private method, no one ever proved real earnings or said it was private. All vouches come from the Making Money Skype Chat.

<https://hackforums.net/showthread.php?tid=4962448> <http://namechk.com> basically, same vouch problem.

<https://hackforums.net/showthread.php?tid=4846475> A spammer for Omegle which has been made by a HF member called Yui for free: <https://hackforums.net/showthread.php?tid=4378485>

<https://hackforums.net/showthread.php?tid=4920815> Another private ebook, won't be surprised if it's the same one as his newer one.

<https://hackforums.net/showthread.php?tid=4912434> Spams CSGl with his crap that will get you banned from CSGl. Same vouch problem

<https://hackforums.net/showthread.php?tid=4779459> Stupid forum to market his crap and get more vouches for his products here.

<https://hackforums.net/showthread.php?tid=4765079> Skype chat to vouch 4 vouch and rep 4 rep, I've been in there. "All HF rules apply" right.

<https://hackforums.net/showthread.php?tid=4948559> Probaly the CSGO site spammer once more.

He has way more products.

DEAL WITH CAUTION, ALL VOUCHES AND MOST REP COME FROM HIS 110+ PEOPLE CHAT AND FORUM.

PUBLIC SHIT IS BEING SOLD.

EDIT: Example of vouch4vouch:

This user is one of the main users in that group chat. Also wonder why almost all his posts are in the sellers sections? Some examples:

<https://hackforums.net/showthread.php?tid=4924290&pid=47198864#pid47198864>

<https://hackforums.net/showthread.php?tid=4923924&pid=47198787#pid47198787> Obviously a fake vouch but Haydrazs doesn't ask for vouches so he probaly also vouches for rep.

Frist off all their are not ripping off anyone since they refunded every single person that asked.

Bro they sell products called "Hack any facebook" Then they get tons of friends to vouch making it look legit to people who have no idea its just a password checker... Even if you somehow have the password in the list. When you go to login its going to make you jump hoops. My point is it is false advertisement. They fake out new members. I know so many people who want a refund for a non working product from them but are too scared to make a deal dispute on them because of the gang neg rep you get for saying anything bad about them.

What about you and your skype group all friendly vouches aswell.

In my eyes you just made this because you dont like tick or max.

Bro i have been posting this link in my skype group all day we are all lol at it none of my members are aloud to do any rep4rep or vouch requests. 90% of my vouches are from people who purchased a product. 10% are from yes people in my skype group but i always tell people to NOT lie be honest. I do not need to fake anything, if there is a issue with a product i refund or fix it.

I have over 500+ HF product sales. Don't you think i would have tons of real scam reports at this point? Like tick and maximum do.....

Yes they resolved some of them but the fact is they still do spam skype friends to vouch on there crap products then play games when people want refunds.

Actually didn't expect to ever see something like this against BotMarket since hes seemed pretty nice for as long as I've known him.

I'm not really into the whole marketplace drama that a few members have been creating so I can't vouch for either side. Though I'm a pretty inactive member in Botmarkets Skype group and I've never seen anyone on it do vouch4vouch or rep4rep. I HAVE seen people offer vouch copies there, but that's a whole lot different than asking for good or fake vouches.

Idk. :s

Here let me grab it for you and make it very damn clear to you since you beg to differ.

Quote:

black·mail

noun

noun: blackmail

1.

the action, treated as a criminal offense, of demanding money from a person in return for not revealing compromising or injurious information about that person.

synonyms: extortion; More
money demanded from a person in return for not revealing injurious information.
"we do not pay blackmail"
the use of threats or the manipulation of someone's feelings to force them to do something.
