So, I was trying to sell my \$50 Amazon giftcard for \$45 PayPal.

wizard private messaged me asking if it was obtained through e-whoring and replied to him.

[Screenshot of conversation #1.](#)

Soon after, he sent me another private message and decided he wanted to go ahead with the deal and we went on with it. [Screenshot of conversation #2.](#)

So here's when he decides to proceed to lie and scam me:

1 - I give him my PayPal email and the Amazon giftcard code. SS of convo [HERE](#) and SS of the imgur link he posted (and removed but I reuploaded :D) [HERE](#)

2 - I know the code was valid as before sending him the code; I contacted Amazon's livechat to confirm it was still valid and it was. SS of the convo [HERE](#) and the error I got when I tried to redeem the giftcard [HERE](#)

HERE'S THE PROOF HE REDEEMED IT:

I contacted customer support and asked who redeemed the card. Someone named Mason Moriarity redeemed it. [SS HERE](#)

PROOF WIZARD IS MASON:

It's a real shame that someone with 566 rep and has been registered since 03-25-2011 would scam. ?? [SMH](#)

I'm sorry for your loss, OP. Hopefully he get's what he deserves for trying to scam new people. Such a shame, but now we all know what he is actually like.

Damn, he thought he could take advantage of a newer member.

That sucks, I thought he was trusted...

Looks like a legit dispute. Apparently wizard negged me for giving OP a +1, obviously he didn't want this deal dispute to be posted.

Timrspk - September 13, 2015, 8:19 am

Oh well, so it wasn't my mistake about. 15\$ amazon? So i got scammed...? So it was him

obviously.. Wow

And i can confirm his mason, he sent me 1\$ paypal first and sad i even refunded him it.

Proof he has the money and there is the possibility he is trying to scam again, DWC.

I actually witnessed Copic PM the OP yesterday asking if he can pay back the amount to resolve it.

You're embarrassing.
