I have a really nice youtube channel www.youtube.com/pda

And I've been wanting to do a prank channel or similar with it, I have a decent bit of camera equipment, Deff room for improvement on it but its a nice start (2 quad copters, 2 gopros, 2 sony cams, all go pro mounts)

Anyway I want to make this into something, I want to grow the channel. I am 100% willing to put money into it but I am not sure what I want to do yet. A prank channel? Unboxing videos? Idk what do you guys think?

Doe everything pranks, crazy stories, unboxings but focus on mainly 1 thing like pranks or something

Make it stand for something dope - what's your first name? Patrick would be perfect, could do like Patrick Does Anal. Just kidding, but make it stand for something that is easy to remember so people can keep coming back and such.

PDA?

Start posting videos of people displaying public affection.

Yeah that's the obvious one of course, but some viewers (especially if you're aiming for a huge audience - kids) won't remember those "big words" Imfao.

Could work though, go for it.

Maybe do gaming commentaries, that seems to be the only big thing on YouTube anymore.

I'm not big on YouTube, but I'd like to start up my own channel, similar to you.. One thing I've noticed that would get you big is being original.. Also if it's a pranking channel it could be like "Punks doing anything" or something along those lines :D good luck dude
