What is ggTemple.com? Think of ggTemple as the eBay or Craigslist of digital goods. If you're familiar with PC gaming you're probably familiar with the phrase "GG", or "Good Game", being a virtual handshake between friendly gamers. While the focus of our site is the buying and selling of game accounts, items, etcetera, you can exchange almost anything you wish. This includes gift cards, currency exchanges, eBooks and more.

Forum Gold You will earn Forum Gold by being an active, contributing member of our site. With this Gold, you can purchase things like advertisement space for your digital shop on our index page, custom username images, and more. For more information click "Forum Gold" at the top of any page on the site. In the future, we plan on selling things like Runescape gold, CS:GO items and more for Forum Gold that you can purchase directly from the site. So start posting and stock up now!

Earn FREE Gear This feature is in development and coming soon. We are planning on selling things like Runescape gold, CS:GO items and keys, Steam accounts and more for Forum Gold! That's right, by posting and remaining active on our forums you will be able to earn free stuff for the games you love!

Get Verified We have a system in place that allows members to become "Verified Members" by submitting a picture of their government-issued I.D. cards. You may blur out your photo and other personal details, but your name must remain clearly legible. By dealing with only verified members, you can reduce the chance of getting scammed by multi-user accounts. Becoming Verified is completely optional, but you will become more trustworthy throughout the forum.

Join Today! What are you waiting for?! If you have anything you want to sell or are looking for things like Steam accounts, RS gold or even graphic design services, you'll find it at ggTemple.com! By joining and helping us grow from the ground up, you will be part of the foundation of something great.

It does, and I have reduced the amount to 15 because the site is currently so blank. Basically we are looking for people who are actually interested in posting on the site anyways, regardless of being paid. It's just a little extra incentive.

We also don't necessarily have a "pay-to-post" program, but like the thread states, very soon we

will be selling things like CSGO items/accounts, Runescape gold, and more for Forum Gold which you earn by posting!

25 posts aren't really that much if you push to be active. You can't lurk around like on HF, the forum starts off with everyone else participating. So as long as you put forth some effort to post content, 25 isn't a lot at all.

Look at your account now, 2.5k posts within a year and a few months. Now that takes a long time xD

This is a good offer. I'm sure people will like to do this, doesn't take much more.
