Thread: [Buying Amazon US Gift Cards/PRIME GIFTS \(Verified Paypal & BTC\) 60-65% RATE](#)

Zack Fair - September 14, 2015, 7:19 pm

Got Verified Paypal and BTC (Using Coinbase value) to spend on US Amazon Gift Cards. I am strictly looking to pay 60-65% FIRM. I don't go first and won't buy amounts over \$100 as I do not want to deal with anything carded.

ToS:

1. For any reason, I can request that you show proof on how you obtained the card for safety reasons.
2. You are held responsible if the card is invalid or ends up reversing.

Thanks. ?

not really, you can get agc's from sites like swagbucks, gifthulk etc ...
and then can sell those agc's for 60-70% easily ?

If you want to resell some cards to me, I'll buy around 70% for them. We can use Minimalist as a MM or someone else you deem trustworthy. Paying with BTC
