FREE Advertising Space

Providing free advertising space is a good thing.
Why am I doing this?

I'm providing free advertising space within my product, because I can.

This is not first come first serve.

I will be releasing a product very soon.

So I'm offering free advertisement space to 10 HF marketers.

The marketers will be chosen based on their product and rapport in the community.

I will make exceptions for regular members assuming they have good rapport and a legitimate sales thread.

To apply for the free space simply click: [HERE](#)

You will be prompted to PM me a link to your sales thread.

I will review it, and then PM you if I decide to give you the space.

You will be allowed one 200x500 size space that can be used to display an image.

The image can contain text or a picture pertaining to your product.

Please! Do Not Message Me If I Haven't Responded To Your Request!

Code - Terms Of Service -

1. I can cancel this offer at any time.
2. I can close this thread, and stop offering free advertising at any time.
3. I can change the terms of service at anytime.
