>>>>>>>HOW TO CHANGE WORDPRESS THEME COLORS WITHOUT ANY CSS KNOWLEDGE<<<<<<<<

Tested on website: <http://beststeamgames.ga>

Plugin Used: Theme Tweaker

Tutorial By: RealMafia

Step 1:

Download and Activate [Theme Tweaker](#) Plugin

Spoiler [\(Click to View\)](#)

Step 2:

Go to Appearance>Theme Tweaker

Spoiler [\(Click to View\)](#)

Step 3:

Those are the original colors of my theme, Red and Grey (Orange for the "go to top" button)

Spoiler [\(Click to View\)](#)

I want to make them Blue and Black.

Just change to:

Spoiler [\(Click to View\)](#)

P.S : DO NOT FORGET TO CHECK "Activate new color scheme (All users will see the changes)"

Spoiler [\(Click to View\)](#)

Step 4:

Check your website. [Warning: HUGE IMAGE]

Spoiler [\(Click to View\)](#)

Tutorial finishes here. Good Luck for all !
