Thread: [*Simple* How to turn any image into oil painting](#)

K!ngGFX - September 15, 2015, 9:16 pm

This is just a simple filter that not too many people know about, so i wanted to share it with ya'll

1) Get any image you like, go to Filter.

Spoiler [\(Click to View\)](#)

2) Go down Oil Paint.

Spoiler [\(Click to View\)](#)

3) Do any settings you wish, then click Ok.

Spoiler [\(Click to View\)](#)

4) DONE! Here is an example of an image using the oil-painting filter:

Try this.

[Workaround for Oil Painting](#)

Saint - September 20, 2015, 8:43 pm

Well, for the people who did not know this yet, goodjob OP.

Wow looks nois good work m8

Oberst Strawberry - January 7, 2016, 8:52 pm

Thanks for the share, personally don't think it looks too good. Though i'll try it out on some other photos.

Band1to - January 8, 2016, 9:41 am

Awesome mate this worked really nicely ?

Manks - January 8, 2016, 9:42 am

No offense, but you could make this kind of thread with every filter...
It's redundant

bkharihar@gmail.com - February 13, 2016, 2:02 am

need more good then this !

nined3z - February 13, 2016, 4:57 pm

This actually came out surprisingly well! Are you using photoshop CC?

reacts - February 13, 2016, 5:53 pm

Thanks for this tutorial OP!

jenymat - February 14, 2016, 5:28 pm

woaw this is beautiful thank you :)

newvibe - February 14, 2016, 5:38 pm

amazing and simple op! just edited possibly one of the best pics!
