Daemon. - September 26, 2015, 6:51 am

Hi! Please PM me your asking price :)

Career - September 28, 2015, 8:56 pm

This is pretty much bullshit. I bought a 24 hour package and literally got about 3 adds and 10 extra views in 24 hours. User said he was going to do another shoutout for free this time due to the fact the first one didn't do anything for me and has yet to get back to me. I wouldn't recommend buying this.

Mons - September 29, 2015, 8:22 am

Let me know if you want a shoutout.

Mons - October 1, 2015, 11:11 am

Same here man. :^)

Sometimes I wonder if he actually has 2.5k views in 24 hours as I've done shoutouts for friends on my Snapchat with ~1.2k views/day and they've received way more than I did when I used this service.
